You could get half your Safe Haven Donation back in a tax credit.

Your Safe Haven donation is eligible for a charitable donation tax credit. We will send you a receipt for your donation, which could reduce your cost by half. Your first \$200 of charitable donations in any year are eligible for a 25% tax credit. Once your charitable donations for the year reach \$200, you are eligible to receive a non-refundable tax credit of 50% on contributions over \$200. In effect, every dollar you donate only costs you 50 cents.
